UNIFORM SIZE/FIT RANGE ORDERING GUIDE

Dear Valued Customer,

It is recommended that your manager orders a fit range of your most "common sizes" to try on before placing your order.

Please ensure all staff members try on the garments, and confirm which sizing is correct.

We suggest you keep the sizes which fit and return the sizes that are not required.
You must then place a separete order for the correct sizes you require.

Please call us on 1300 700 056, and a member of our customer service team will take you through the Returns procedure.
Once we receive your returned garments you will be credited back.

Kindest Regards,

Muhan
